

QP. SS

"Silicon Siloxane"

General Description:

High quality, water repellent, ready to use, transparent waterproof stone insulator used for insulating natural stones.

Special Features:

1. Breathable.
2. High alkali resistance.
3. Weather-resistant.
4. Good depth of penetration.
5. Rapid development of water repellency.
6. Odorless, Mercury-free and lead-free.
7. Environmentally friendly, non-toxic and non- flammable.

Application steps:

1. Preparation of surfaces:

- Clean dust, oil, loose particles, and all foreign matter.

2. Application:

- Apply using brush, roller, or spray.
- Drying time between 24 – 72 hours. Allow QP.SS to penetrate through surfaces.
- Do not apply if temperature is below 5°C.
- Do not apply on wet surfaces, if it starts to rain stop treatment and cover the impregnated areas.

Package & storage:

- 18 kg in plastic containers.
- Must be stored away from direct heat or frost unopened in dry condition, for maximum of 12 month from the date of production.

Technical data:

Color	Milky-white
Binder	Silicon Siloxane
Specific density	0.95
Consumption:	5 m²/kg
